FY22 Foster Care Transportation Plan

FY22 Foster Care Transportation Plan

The Georgia Department of Education (GaDOE) is required to ensure the educational stability of children in foster care. (ESEA section 1111(g)(1)(E)). In coordination with state and tribal child welfare agencies, the GaDOE must ensure that its LEAs implement the Title I educational stability requirements for children in foster care, including ensuring that:

- A child in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child's best interest;
- If it is not in the child's best interest to stay in his or her school of origin, the child is immediately enrolled in the new school even if the child is unable to produce records normally required for enrollment; and,
- That the new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records. (ESEA section 1111(g)(1)(E)(i)-(iii)). In fulfilling this role, the SEA should coordinate with the state or tribal child welfare agency to develop and disseminate uniform guidelines for implementing the Title I educational stability provisions. Developing uniform statewide policies and procedures for ensuring educational stability for children in foster care, as many States have already done under the Fostering Connections Act, will facilitate successful implementation at the local level. This is particularly important given the shared agency responsibility for educational stability under Title I and the Fostering Connections Act, and because a single LEA or local child welfare agency will likely have to collaborate with multiple partner agencies in implementing these provisions.

Additionally, the SEA must conduct regular monitoring and oversight to guarantee appropriate implementation of these provisions at the local level. (See 2 C.F.R. §§ 200.331(d), 200.328(a); 34 C.F.R. § 76.770).

On the state level, the Georgia Department of Human Services (DHS), which houses the Division of Family and Children Services (DFCS) periodically sends a list of children in foster care that are flagged in the GaDOE's student information system for information sharing and reporting purposes. On the local level, LEAs are now able to retrieve a list of children in foster care to better identify and provide services. LEAs are to continue collaborating with their local child welfare agencies and may periodically receive information directly from foster parents, Court Appointed Special Advocates (CASA), DFCS case workers, or Education Support Monitors (ESM), within the Educational Programming, Assessment and Consultation (EPAC) unit of DFCS. Once identified, LEAs must implement its plan to ensure educational stability for children in care. For the best interest of the children in care, LEAs should follow all mandated regulations under FERPA and keep the status of these children confidential.

As a result, the GaDOE is requiring all LEAs, including virtual schools and charter schools that function as an LEA, to complete a Foster Care Transportation Plan. The plan should be completed in addition to the development and implementation of written transportation procedures and the identification of a Foster Care Point of Contact. Please complete this plan and return it by:

FY22 Foster Care Transportation Plan

NOTE: In order to answer the questions below, refer to the [Non-Regulatory Guidance: Ensuring Educational Stability for Children in Foster Care](#).

I. Foster Care Transportation Plan: PLANNING

- A. The LEA's role is to have a transportation plan in place for children in foster care to their school of origin. Describe your plan to:
1. Coordinate transportation with the local child welfare agency.
 2. Implement steps to be taken if additional costs are incurred.
 3. Execute the local dispute resolution process.

Include the roles of key players (e.g. LEA Foster Care Point of Contact, LEA Superintendent, LEA Federal Program Director, EPAC Unit Education Support Monitor, Case Worker, Court Appointed Special Advocate, Juvenile Court representative, etc.) *Please limit the response to 1,000 characters.*

- B. What steps should an LEA and local child welfare agency take to ensure that transportation is provided immediately, even if they face difficulty reaching agreement on how to pay for additional transportation costs? *Please limit the response to 1,000 characters.*

- C. The LEA must designate a Foster Care Point of Contact that coordinates with the local child welfare agency. Describe the point of contact's role and responsibilities. *Please limit the response to 1,000 characters.*

II. Foster Care Transportation Plan: GUIDING QUESTIONS

- A. If a child is placed within the LEA's school attendance area and projected transportation cost are negligible, transportation should be immediately provided without supplemental assistance from the local child welfare agency. If there are additional costs incurred in providing transportation to maintain children in foster care in their schools of origin, the LEA will provide transportation to the school of origin if:

	YES	NO	N/A
1. The local child welfare agency agrees to reimburse the LEA for the cost of such transportation.	No		
2. The LEA agrees to pay for the cost of such transportation.	No		
3. The LEA and local child welfare agency agree to share the cost of such transportation.	Yes		

Describe the agreement the LEA has made with the local child welfare agency regarding transportation costs. *Please limit the response to 1,000 characters.*

- B. All LEAs must meet the requirement to provide transportation for children who are in foster care to their schools of origin (*Similar to the McKinney-Vento requirement for students experiencing homelessness*). FY22 Foster Care Transportation Plan

Foothills Education Charter High School does not operate a transportation system. However, as we have Memoranda of Understanding with each Local Education Agency in whose facilities our sites are located, we can easily extend our partnerships to include contracted transportation services for Foster Youth for whom transportation is necessary. Our Governing Board includes LEA Superintendents (or designees) from each system in which we have a site, and the Board has approved the opportunity for Foothills to contract with systems for transportation needs. In addition, as an ongoing support for our student population, we provide gas vouchers if necessary for a student/family, and similarly provide public transportation passes in those communities with public transit system.
